

***Alabama Bicentennial
Educator Workshop
Historic Blakeley State Park
Tuesday, June 5, 2018
9AM-Noon***

South Alabama Research
and Inservice Center

200
ALABAMA
BICENTENNIAL

This FREE special teacher enrichment workshop held at Historic Blakeley State Park's Wehle Center in Spanish Fort, Alabama is designed to acquaint area social studies and history teachers with two curriculum guides developed for use in schools by the Baldwin County Bicentennial Committee. Both are designed as either single or two-day lesson plans that provide local connections to national historical events. One focuses on the Creek War and War of 1812 in Baldwin County, and the other focuses on Civil War battles in Baldwin County. Local sites such as Fort Mims, Fort Morgan, and Historic Blakeley State Park are discussed as historical sites and learning resources where events of national importance transpired. Separate presentations have been prepared to meet both 4th and 10th grade curriculums. The 10th grade versions feature links to primary resources which may be used in the classroom as supplementary material. We invite area teachers interested in these free learning resources to attend so that project developers can help make them familiar with the content and answer questions. Teachers receive PD credit.
