

**ALABAMA EMERGENCY MANAGEMENT AGENCY
MASTER LETTER OF INTENT – Baldwin County and its
Hazard Mitigation Planning Committee
HAZARD MITIGATION GRANT PROGRAM (HMGP)
FEMA-4563-DR**

The purpose of this form is to establish your community's interest in the HMGP and to identify projects that are priority for your jurisdiction to reduce or eliminate future emergency or disaster costs. One LOI should be submitted for each project. **DUE No LATER THAN: March, 26, 2021.**

(This is NOT the Public Assistance permanent repair and restoration program)

The purpose of this form is to rank your county's HMGP projects in priority order.

NAME/ADDRESS OF JURISDICTION:

Baldwin County Commission, (through its) EMA and HMPC

312 Courthouse Square, Suite 11 23100 McAuliffe Drive

Bay Minette, AL 36507 Robertsdale, AL 36567

BASIS OF ELIGIBILITY:

___ State Gov't ___ Indian Tribe

X Local Gov't ___ Other

___ Special Purpose District

___ Private Non-profit Organization

COUNTY OF JURISDICTION: Baldwin

POINT OF CONTACT: Danon Smith **PHONE NUMBER:** 251-972-8510

EMAIL: danon.smith@baldwincountyal.gov

(PLEASE Do Not Include projects that were covered under the Public Assistance permanent Repair and restoration section of the Disaster Relief Act)

Identification of Benefits: See Attached LOI Summary Forms for Problem, Project, and Benefit Descriptions, as well as Mitigation Plan Information.

4. Estimation of Total Applications: **32 DR-4563 applications from all Baldwin County Jurisdictions/Eligible Applicants, for a total of \$ 32,296,810.00**
5. Source of Local Share: **Cash or a combination of cash/in-kind**

Individual Letters of Intent will be executed, signed, and submitted via the Alabama EMA MB3 Grants Portal by each of the eligible applicant jurisdictions/organizations within Baldwin County, as prescribed.

Current Baldwin County Mitigation info. is at: <https://www.baldwincountyal.gov/departments/EMA/ema-hazard-mitigation>

Baldwin County EMA Planning/Grants Division Manager:

Danon Smith

County EMA Director's Signature:

Zachary M. Hood, Baldwin County EMA

Baldwin County Commission Chairman Signature: Signature Pending - March 30, 2021 BCC Meeting

Joe Davis III, Baldwin County Commission

Danon Smith will submit fully executed document to Kristy Ray once Chairmain has signed.

Please attach meeting minutes, if possible. You may use additional sheets, as necessary.

Items Attached Include:

- DR-4563 LOI Summary Forms completed by sub-applicants and used by the Baldwin County Hazard Mitigation Planning Committee to complete the ranking of the projects and the Master Letter of Intent for Baldwin County.
- The Baldwin County LOI Master LOI Ranking Results Document
- A copy of the March 18, 2021 draft Hazard Mitigation Planning Committee (HMPC) meeting agenda and draft minutes, which will be approved during the scheduled April 15, 2021 HMPC Meeting and signed by its Chairperson thereafter.

Due to the COVID-19 pandemic, steps have been taken to ensure the Baldwin County HMPC actions and activities associated with the compilation of this Master LOI meet requirements and restrictions concerning social distancing and the mitigation of contamination and spreading of germs and disease.

This form and these attachments shall be remitted by Danon Smith, BCEMA Planning/Grants Division Manager to the Alabama EMA Mitigation Division, whose contact information is below:

Michael Johnson, State Hazard Mitigation Officer

- IV. New Business
- V. Hazard Mitigation Grant Program Letter of Intent: Eligible Baldwin County Applicants (County and Municipalities) will present their projects for discussion to be prioritized by the Committee.
 - A. Danon Smith will submit the Baldwin County Master LOI (Due to AEMA 03/26/2021) and each eligible sub-applicant will follow up in the AEMA Grants portal with their respective applications and individual letters of intent.
- VI. Announce Next Meeting Date/Time/Location and Adjourn

**BALDWIN COUNTY
HAZARD MITIGATION PLANNING COMMITTEE MEETING
MINUTES
MARCH 18, 2021
BALDWIN COUNTY EMERGENCY OPERATIONS CENTER UPSTAIRS TRAINING
ROOM
ROBERTSDALE, ALABAMA
(Hybrid Meeting with Physical and Telepresence Options)**

ATTENDANCE

Members/Guests present on site were: Danon Smith (BCEMA), Amanda Thweatt (BCEMA), Lannie Smith (City of Orange Beach), Brandan Franklin (City of Gulf Shores), Richard Rider (City of Foley), Erik Cortinas (City of Fairhope), Eddie Harper (BCC Building Inspections), Rachel Keith (City of Foley), Tonya Shannon (Hagerty Consulting), Bailey-Anne Kaytar (Hagerty Consulting), Joby Smith (Baldwin Co. E-911), Ryan Frolik (East Central Baldwin County Water Authority), Jessica Walker (City of Fairhope), Rachel Keith (City of Foley), Michael Thompson (City of Foley), Ralph Hellmich (Mayor - City of Foley), Joey Darby (Foley Fire Department), Thurston Bullock (Foley Police Department), Kevin Carnley (Foley Police Department), Troy Strunk (City of Daphne)

Members/Guests present virtually: Jenni Guerry (BCEMA), Michelle Pennington (BCEMA), Anthony Sampson (BCBOE), Jason Riggs (City of Spanish Fort), Marinda Turner (City of Daphne Utilities), Anthony Sampson, Baldwin County Board of Education

Brandan Franklin called the meeting to order at 09:00am

OPENING COMMENTS

Brandan Franklin called the meeting to order and gave opening remarks.

OLD BUSINESS

Brandan Franklin advised that the minutes from the February meeting be approved.
Motion by Lannie Smith, seconded by Erik Cortinas.
Ayes: 19
No: 0

Abstain:

0

Motion Passed

Brandan Franklin reported that the (as is) Plan Draft had been presented to his Jurisdiction during their Council meeting and questioned progress on the completed Plan Draft and meeting the May 3rd deadline for Baldwin County.

Danon Smith reported that she had been in communication with Leslie Johnston (SARPC), and they are waiting on two counties (Baldwin not among these) to complete the Plan Draft.

Leslie Johnston advised she is confident that this will not interfere with Baldwin County meeting the May 3rd deadline. Danon also stated that Lisa (FEMA) will review the Baldwin County plan independently if the other two counties do not submit in time to meet our deadline, and she would continue to coordinate with Leslie all documentation to see the process through.

Danon encouraged all members to utilize the Important Mitigation Resource – EMA Mitigation Website – that is being updated weekly <https://www.baldwincountyal.gov/departments/EMA/ema-hazard-mitigation>.

Danon encouraged all municipalities to send their Plan Draft Review and Public Dissemination/comment information, documentation, and feedback directly to her and she would coordinate with Leslie Johnston to get these in for AEMA Review. Several Municipalities reported that they had upcoming Council meetings to present or had recently presented to their Municipalities.

NEW BUSINESS

Danon Smith discussed the Hazard Mitigation Grant Program Letter of Intent. Danon discussed the ranking of projects, and that Ranking Sheets are due by 5:00 P.M. on Friday, March 19th and gave a walk-through demonstration of Ranking Forms found on the EMA – Hazard Mitigation Website. Danon stated that these must be entered by each Jurisdiction and once entered, she will input the projects and submit the Baldwin County Master LOI (Due to AEMA 3/26/2021). Each eligible sub-applicant will follow up in the AEMA Grants portal with their respective applications and individual letters of intent.

Each Municipality that submitted an LOI Form was given the opportunity to present their projects for discussion during the meeting and they were prioritized by the HMPC Committee.

The following are to be included on DR-4563 (Hurricane Sally):

- **City of Foley:** Safe Room for First Responders to accommodate up to 200 people.
- **Baldwin County E-911:** Replace Current Communication Shelters that house Public Safety Radio Equipment with hardened structures.

- **Baldwin County Board of Education:** Inclusion of Mandatory Safe Rooms for all new school construction projects due to new requirements.
- **Baldwin County Coroner's Office:** Mobile Morgue System to be used for decedents who exceed storage capacity in current facility.
- **Baldwin County Commission:** Residential Safe Room Construction for individuals due to threat of storms/tornadoes/tropical weather.
- **Baldwin County Commission:** River Road Project – Realign portions of River Road out of Floodway.
- **City of Gulf Shores:** Residential Structure Elevations, Gulf Shores Police Department Generator, Traffic Signal Upgrades, Traffic Signal Renovation, Gulf Shores Annex Wind Retrofit, Gulf Shores 4th Street Flood Reduction.
- **Bayshore Christian School:** Safe Room for the new construction of school.
- **City of Daphne:** Underground power lines in Old Towne Daphne (in partnership with Riviera Utilities).
- **Daphne Search & Rescue:** Property acquisition and relocation due to current facility being damaged beyond repair.
- **Daphne Utilities:** Vac Truck, 5 mobile bypass pumps and 5 fixed bypass pumps, installation of generators in 4 locations.
- **East Central Baldwin Sewer & Fire:** Replace Generator
- **Elsanor Fire Department:** Replace Generator
- **Fairhope Airport Authority:** Fortified Safe House for First Responders & Critical Aircraft for Search & Rescue,
- **City of Fairhope:** Lift Station Generator, Magnolia Beach Restoration Project, Fortified Safe Room for First Responders.
- **City of Foley:** Safe Room for First Responders to accommodate up to 200 people.
- **Habitat for Humanity Baldwin County:** Wind Retrofit for damaged housing units.
- **City of Orange Beach:** Safe Room to accommodate 150 First Responders, Elevation of Jubilee Point Road, Five Individual Residential Structure Elevations.
- **Perdido Beach Fire Department:** Replacement of Generator.
- **Town of Silverhill:** Town Hall Generator.
- **City of Spanish Fort:** Patrician Drive Bluff Erosion Project.

It was reiterated that the Rankings are due by 5:00 p.m. Friday, March 19th so that Danon has time to get signatures and disseminate information. Those submitting projects are responsible for uploading projects to the AEMA site/portal. Discussion was held to encourage all to apply for projects regardless of allocation.

It was agreed by all to hold a special meeting on Thursday, March 25th via WebEx with the Executive Committee to include Leslie Johnston prior to the Master LOI being submitted. The next HMPC Full Body meeting was agreed by all to be held at the Baldwin County EMA/EOC Upstairs Training Room on April 15th, 2021 at 9:00 a.m. in a Hybrid format.

ADJOURNMENT

Meeting adjourned at 10:45am.

Minutes for this meeting approved during the April 15, 2021 meeting of the Baldwin County Hazard Mitigation Planning Committee.

Brandan Franklin, Chairperson Baldwin County HMPC

Project Overview

March 17, 2021

In a request from Baldwin County, AL, Motorola Solutions is providing a quote to replace the Shelters, Generators, Battery Back-Up, Coax, Civil work to include new foundations and Grounding Improvements at Rabun, Seminole and the Magnolia Springs Sites.

The budgetary pricing summary is detailed below:

Pricing

DESCRIPTION

- 12x24 Shelter with 80KW LP Generator and Two 20kva UPS
- 7/8" Lines Installed with Connectors, Jumpers, No Antenna
- Civil (Foundation, Improve Grounding, 1000 Gallon LP Tank, 300A Power Entry, A&E)
- Services - Installation, PM and Engineering

Budgetary Estimate:

\$ 2,870,806.72

Pricing Valid for 60 Days

The above pricing is meant for budgetary purposes and should the County decide to pursue a firm offering, please contact Stephenie Shirley at (251) 421-7271

Assumptions

- New Foundation Poured Beside Existing Shelter
- Replace Minimum of 16 Coax Runs Per Site
- No Antenna Replacement

Providing Communication Shelters for Decades

Thermo Bond Buildings is in our fourth decade of manufacturing communication shelters for countless cell companies, broadcast communications, 911 emergency communications, and Federal and state agencies. We offer lightweight and concrete solutions for your equipment shelter needs. Factory fabricated, Thermo Bond provides both standard and fully-integrated buildings depending on your unique requirements. Our experienced technicians and licensed electricians can engineer, procure, and install your specialized equipment and ensure an on-time delivery.

Offering Concrete and Lightweight Buildings

Having purchased Miller Buildings in 2014, Thermo Bond now offers both pre-cast concrete and lightweight aggregate communication shelters. Our pre-cast concrete shelters are bullet, fire, pest and vandal resistant, durable and strong, making them perfect for remote locations or applications that require a secure facility. Our products are the answer for customers that need fully-customized equipment shelters in a variety of sizes, fittings and capabilities. Constructed to customer specifications, they ship fully assembled. Every building Thermo Bond manufactures is designed, engineered and delivered to meet your site requirements and aesthetics.

Designing Cabinet Solutions

In addition to manufacturing shelters, Thermo Bond offers custom cabinets to protect your communication equipment. Through the years, we have worked with many communication companies to design and build very specific cabinets. Constructed of 14-gauge steel in accordance with National Electrical Manufacturers Association (NEMA) Type 3R enclosures, these cabinets are typically used in outdoor applications for wiring and junction boxes.

Fully-Integrating Your Specialized Equipment

Whether your shelter or cabinet require customer-installed equipment or simple electrical requirements, Thermo Bond has the solution. Our experienced technicians have the ability to fully integrate your specialized equipment, lowering your overall site costs. In addition to meeting all applicable National Electrical Code (NEC) standards, our technical specialists ensure that each structure adheres to specific industry, Federal and state regulations. Integrated and installed to your specifications, we will also factory test the equipment for quality and reliability so you will be up and running as soon as your shelter or cabinet is delivered.

FAST. FRIENDLY. FOCUSED. FLEXIBLE.

Thermo Bond's Solutions for Protecting Your Communication Equipment

Built to your specifications, Thermo Bond offers a variety of solutions to protect your communication equipment. Special features of each option are listed below.

Lightweight Aggregate Buildings

- Typically range in size from 6' x 6' to 12' x 40'
- Minimum floor loading of 200 PSF
- Minimum roof loading of 100 PSF
- Minimum roof impact resistance of 220 foot-pounds
- Minimum wall wind loading of 120 MPH
- Skid assembly consisting of 6" x 9lb. beams welded into place with 2" x 2" x ¼" angles placed between the beams every 4' O.C.
- Industrial grade adhesive sealer applied wherever two pieces of metal are joined or fastened for no measurable air infiltration of wall, floor or roof
- Ships fully assembled

Pre-Cast Concrete Buildings

- Typically range in size from 6' x 6' to 24' x 40'
- 5000 PSI lightweight solid concrete with billet steel reinforcing bars
- Meets ASTM A-615 grade 60 specifications and ACI-318 building code
- Capable of resisting hurricane-force winds of a minimum of 150 MPH
- Bullet resistant up to and including 30-06 caliber rifle fired at point blank range – UL752 level 4
- Floor loading of 200 PSF reinforced concrete with step joint design
- Roof loading of 150 PSF reinforced concrete with ¼" per foot roof slope to eaves

Cabinets

- All shapes and sizes with custom colors
- Constructed of 14-gauge steel in accordance with NEMA Type 3R enclosures
- Edge gaskets for a tight seal
- Resistant to weathering, falling rain, sleet or snow, and external ice formation
- Vented roof and louvered doors to allow filtered, passive circulation
- Blends in with existing electrical and traffic control cabinets
- 4-way adjustable mounting configurations for fixed network equipment, full 360° access, pre-cast pad assembly, and stage environmental controls
- Simplifies construction, installation and code compliance
- Tip and load calculations can be included for each cabinet based on local code requirements
- Mechanical cooling and electrical distribution panels can be added

Fast. Friendly. Focused. Flexible.

Thermo Bond has built a reputation of sales integrity and excellence by following the four words in our Value Foundation – Fast, Friendly, Focused and Flexible. We understand that our customers demand a convenient ordering process, a dedicated sales manager who is never more than a phone call away, and building integration specialists who can engineer, procure and install whatever solution is specified. We also know that it is important to be flexible when a customer needs to change a specification or have a lead time shortened in order to make a critical deadline. Our technicians and electricians are on top of the changes sweeping the industry, and are constantly designing new energy efficient systems and finding innovative ways to make our products better.

We have the buying power to help you save on integration!

Our experienced technicians and licensed electricians can fully integrate your project, lowering your overall site costs. We have the ability to engineer, procure and install whatever equipment your project may require integrated to your specifications and shipped fully-assembled. Our buildings can be fully integrated with electrical, networking and backup power, cable entry, ladders, generators, UPS and DC power systems, fiber electronic equipment, distribution frames, power conversion components, security systems, HVAC and more.

Partnering with You

We look forward to partnering with you on your next project. Offering custom cabinets in a variety of sizes and shapes, we have the ability to design, assemble and integrate a solution that meets your project requirements. Call us toll free at 800-356-2686 to see firsthand how Thermo Bond Buildings can provide your cabinet solution.
