- Award amount is confirmed
- Closing documents are finalized

9. Closing Day

- Close on your new home!
- Assistance funds are provided at closing
- Final documents are signed, recorded, and shared with the Case Manager

10. Welcome Home

- You're officially a homeowner! Enjoy your new home in Baldwin County.

Homeownership Assistance Program

ABOUT

The Baldwin County Commission received final approval for its Homeownership Assistance Program (HAP) from the Alabama Department of Economic and Community Affairs and will begin accepting applications for homebuyer assistance grants for up to \$85,000. Final award amounts for eligible participants are determined based on documented need to ensure housing affordability.

This Community Development Block Grant-Disaster Recovery (CDBG-DR) Grant Program is designed to increase the supply of affordable housing for low-to moderate-income (LMI) households in response to the Hurricane Sally and Zeta recovery efforts for residents of Baldwin County. To be eligible, applicants must have lived in Baldwin County at the time of the disasters or have been in the process of purchasing a home in Baldwin County but are unable to complete the purchase due to impacts of the storms, and meet LMI requirements.

The length of time it takes to move through the process largely depends on an applicant providing all required documentation quickly. It is anticipated that the process could be completed within 90 days if no delays are encountered. More details on eligibility criteria, program requirements, homebuyer education services, and the application can be found on the website.

Applications will be accepted beginning Summer 2026 until funding is depleted.
